SOCCER FOOTBALL CAUSES SURPRISE

MAILES ARE DEFEATED BY PUNAHOU. AND IRON WORKS ARE TOO GOOD FOR HIGH SCHOOL—ANOTHER GAME IS TO BE PLAYED NEXT SATURDAY.

Much to everybody's surprise the Mailes were defeated in their soccer football game on Saturday by the Punahou. The score of 4 to 1 shows that the Puns were right on the job. As a matter of fact, the Mailes had no chance against their opponents—that is judging from the form exhibited on Saturday.

Fred Bailey scored the only goal made by the Mailes, and they would not have gotten that only that Walker of the Punahou handled the ball right in front of his own goal, and Bailey had an easy penalty kick.

The ball was, most of the time, in the Maile Territory, and at no time was the match in doubt.

Ziegler and Mullen did excellent work for the Mailes, and it was owing to their efforts that the score against them was not much larger.

The Punahou forwards did really good work and they went through the opposing backs in short order. It was just luck that they did not score much oftener than they did.

There was a stiff wind blowing and many of the shots tried by the Puns would have scored under ordinary conditions.

The first goal kicked by the Punahou was the work of Macaulay who, from a difficult angle, potted a fine goal. Shortly afterwards, Ben Kolohia, after taking a pass from Catton, put the ball through for the second time.

After the second goal was scored by the Puns, the Mailes sparked up and worked the ball down towards the Punahou goal, and Fred Bailey had a try for a goal, which was blocked by Paty.

Then the best bit of work seen on the local soccer field for a long time was brought off by Walker of the Punahou. Catton gave Walker a beautiful pass and the latter, who was running at top speed when he got

the ball, took a low shot for goal and, although Fraser made a good attempt to block, he failed to stop the ball going through.

The fourth goal made by the Puns was also the result of some brilliant play made by Catton. He took the ball on his toe and working down the side line, dodged everyone until he saw a chance to pass to Kolohia, who put the ball through in quick order.

There was no further scoring by either side and the game ended 4 to 1 in favor of the Punahou.

The second game was a feast for the boys from the Iron Works, and they had no difficulty in defeating the High School by a score of 4 to nil.

The school was a man short and Kelfett, who tried to hold down the job of two men, had a tough contest. He, however, did good work, and is to be complimented on his play.

Klemme opened the ball by scoring the first goal for the Iron Works, and he was the star player of the match. No less than three of the four goals kicked were scored by this sterling soccer player, and he maintained the great reputation he has made this season as a scoring man.

The Highs did the best they could under the circumstances and, once or twice they sparked up and looked dangerous. The Iron Works team, however, was too good and notwithstanding the efforts of the school, the game ended 4 to 0 in favor of the H. I. W.

At present the Punahou lead in the series, but there is one more game to be played next Saturday, against the Mailes, and should the latter team be defeated the two eleven will be tied for first place, and a deciding match will have to be played.

If the Punahou win next Saturday they will be the champions without question. The next meeting of the two teams should be a really good game.

Healani Boat Club In Fine Condition

Down at the Healani boathouse there was a big gathering of members yesterday. Some fifty members rolled up, and the greatest enthusiasm was shown in all the proceedings. The directors held a meeting and some important matters were discussed.

With reference to the new boats, a letter was received from Rogers, the San Francisco boatbuilder, and he quoted prices that met with general approval. The treasurer reported that there was a good-sized sum in the bank, and that, owing to the large number of new members coming in, the club was out of debt and thriving splendidly.

It was decided to have a knock-about skiff built at once for the use of the members. The boat will be fitted with a centerboard and a sail; the craft will come in very handy for knocking about the harbor. A new springboard was also ordered, and the trapeze for the high dive will also be fixed up.

Fifteen new members were elected at the meeting, and the indications are that the full limit number will be reached before long. Many of the old members who were behind in their dues, owing to a bad system of collection, have had all fees remitted except five dollars, and on payment of that amount they will be fully paid up to date.

The most important matter decided at the meeting was the decision to have club regatta days more frequently in the future. The first event will be brought off soon, and in it two strawberry crews of the Healani club will compete. The winner of this race will then have a go at the strawberry crew of the Meries. A water polo game, relay swimming races and other events will also be brought off, and these

will all tend to make the club a real live concern.

It was also decided to offer a cup for the winner of a series of wren sailing races, and if the owners of the wren class of boats care to arrange the races, the cup will be waiting for them.

Taking it altogether, the Healani club is flourishing in a way that is remarkable, and it speaks well for the future of rowing and all kinds of aquatic sports in Honolulu. A live bunch of sports have control of things and everything looks good. No less than a hundred members now make use of the clubhouse during the mornings and afternoons, and there is always a big crowd of men there all day Sundays.

Aiea Baseball Men Are Defeated

Decker's combination of ball-tossers went down to Aiea yesterday and put it over the sugar-growers to the tune of 6 to 1. The town boys played some fine ball, and the farmers did some very well to get one run. At one stage of the game—in the third inning—the Aiea boys had all the bases full and no outs; still, they failed to score, although the excitement was intense.

The game had to be closed after the seventh inning, as the rain came down in torrents and there was no fun in swimming from base to base. The town boys were hospitably treated by the plantation men, and the trip to Aiea was much enjoyed. There will probably be a return match in the near future, and the sugar men will leave no stone unturned in their efforts to beat the city bunch. The Aiea fellows play good ball, and with a little more practice will give the town team a tough tussle for the honors.
